

The Letter to the
Hebrews

Heb 11:1-6

Now faith is being sure of what we hope for and certain of what we do not see. This is what the ancients were commended for.

By faith we understand that the universe was formed at God's command, so that what is seen was not made out of what was visible.

By faith Abel offered God a better sacrifice than Cain did. By faith he was commended as a righteous man, when God spoke well of his offerings. And by faith he still speaks, even though he is dead.

By faith Enoch was taken from this life, so that he did not experience death; he could not be found, because God had taken him away. For before he was taken, he was commended as one who pleased God. And without faith it is impossible to please God, because anyone who comes to him must believe that he exists and that he rewards those who earnestly seek him.

Is seeing believing?
Or does believing make you see?

Wikipedia

Faith is confidence or trust in a person, thing, deity, view, or in the doctrines or teachings of a religion. It can also be defined as belief that is not based on proof, as well as confidence based on some degree of warrant. The word faith is often used as a synonym for hope, or belief.

A.W. Tozer

"I do not recall another period when "faith" was as popular as it is today. If only we believe hard enough we'll make it somehow. So goes the popular chant. What you believe is not important. Only believe... What is overlooked in all this is that faith is good only when it engages truth; when it is made to rest upon falsehood it can and often does lead to eternal tragedy. For it is not enough that we believe; we must believe the right thing about the right One."

How to have faith in God enough to walk with him..

- A close-up photograph of a brass compass rose mounted on a wooden surface. The compass is set against a background of a detailed, antique-style map showing coastlines and place names in French. The map includes labels like "for Aaron", "Cetace", "reflux", "S. Mari", "Graule", "tenu", and "sauter". The compass itself has a black dial with gold-colored markings for degrees (0, 40, 80, 120, 160, 200, 240) and directions (N, NE, E, SE, S, SW, W, NW).
